# Test Run 2024_08_20-13:54:09

ID: bank_statement

Textual Workflow Description: Get the bank statement of the user with the id 2554727. If he has more than 1000 Euros in his account, write a text that he has enough assets and then send it to his email address. If he has less than 1000 Euros, write a text that he does not posses assets and send him the text via email.

Workflow Representation in BPMN and Text

Required iterations: 1

write text: user has enough assets -> send email: user has enough assets

send email: user does not possess assets -> End

get bank statement of user 2554727 -> EXCLUSIVE: check if balance > 1000 Euros

-> get bank statement of user 2554727

write text: user does not possess assets -> send email: user does not possess assets

send email: user has enough assets -> End

EXCLUSIVE: check if balance > 1000 Euros -> write text: user has enough assets [condition='balance > 1000 Euros']

& write text: user does not possess assets [condition='balance <= 1000 Euros']
